F

Nous vous remercions d'avoir choisi l'abri : la Maison de Jardin GROSFILLEX.

Nous vous recommandons de lire complètement cette notice de montage avant de procéder à la construction de votre abri.

Bien conserver la facture datée et la notice pour obtenir des références futures et pour les réclamations comprises dans la garantie.

• Avant de monter votre abri, faire un inventaire complet à l'aide de la nomenclature de la notice de montage. Ne pas tenter d'assembler l'abri si certaines pièces sont manquantes ou endommagées.

• La surface de l'endroit désigné doit être parfaitement plane.

• Les éléments de l'abri doivent être stockés à plat.

• Ne déballer les colis qu'au moment du montage.

• Le montage est à faire par 2 personnes dans la journée si possible.

• Ne pas réaliser la construction de votre abri les jours de GRAND VENT ou de GRAND FROID.

• Pour le toit ou les murs, ne pas utiliser de toile ou plaques bitumées ou de peintures foncées.

• Pour éviter la déformation de votre abri, ne déposez pas d'objets lourds contre les parois.

• Pour une étanchéité parfaite, vous pouvez déposer un joint en silicone à la base de votre abri.

• Le toit doit être toujours propre et dégagé de la neige et des feuilles. De grandes quantités sur le toit pourrait l'abîmer et l'accès intérieur devenir dangereux.

• Pour laver votre abri, utilisez un tuyau d'arrosage avec un détergent doux car l'utilisation d'une brosse dure ou d'un produit abrasif risquerait de l'endommager.

• NE JAMAIS MONTER SUR LE TOIT.

• Les autorités locales ou régionales vous diront si un permis est nécessaire pour la construction de votre abri.
N'oubliez pas de les consulter.

• Ne pas utiliser de nettoyeur haute pression.

GB

Thank you for choosing a GROSFILLEX Maison de Jardin shed.

We recommend that you read these assembly instructions in full before building your shed.

Please keep your dated invoice and the instructions for future reference and for claims covered by the guarantee.

• Before building your shed, please make a full inventory by using the list provided with the assembly instructions. Do not try to build it if certain parts are missing or damaged.

• The surface of the chosen location must be completely level.

• The shed parts must be stored flat.

• Only unpack packages at the time of assembly.

• Assembly should be carried out by 2 people during the daytime if possible.

• The windows may be installed on any wall panel. Decide on the location before starting assembly.

• Do not construct your shed on VERY WINDY or VERY WET days.

• Do not use canvas, asphalt patches or dark paint for the roof or walls.

• To avoid your shed's shape from distorting, do not place heavy objects against the wall.

• You can put silicone joint sealer around the base of your shed for complete waterproofing.

• The roof should always be clean and free of snow and leaves. Heavy objects on the roof could damage it and it could become dangerous to go inside.

• To wash your shed, use a hosepipe with a soft detergent because using a hard brush or an abrasive product might risk damaging it.

• NEVER CLIMB ON THE ROOF.

• Local or regional authorities will tell you if you require planning permission to build your shed.
Do not forget to consult them.

• Never use jet wash

D

Wir bedanken uns für Ihr Vertrauen, und dafür, dass Sie sich für ein Gartenhaus / Gerätehaus aus dem Hause Grosfillex entschieden haben.

Wir empfehlen Ihnen, diese Aufbauanleitung zunächst sorgfältig zu lesen und dann Schritt für Schritt die Montage Ihres neuen Hauses vorzunehmen. Bitte bewahren Sie anschließend diese Anleitung, sowie Ihren Kaufbeleg sorgfältig auf um gegebenenfalls im Rahmen der Garantie oder im Falle von Reklamationen darauf zurückgreifen zu können.

• Bevor Sie Ihr Gartenhaus zusammenbauen, müssen Sie anhand der beigefügten Stückliste prüfen, ob sämtliche für die Montage des Gartenhauses erforderlichen Bauteile vorhanden sind. Das Gartenhaus nicht zusammenbauen, falls bestimmte Teile fehlen oder beschädigt sind.
• Die für den Aufbau bestimmte Stelle muss absolut eben und waagerecht sein, da Sie sonst kein einwandfreies Ergebnis der Montage erzielen können
• Die Einzelteile des Gartenhauses müssen bis zur Montage eben gelagert werden.

• Il tetto deve essere sempre pulito e sgombro da neve e foglie per evitare che questo si rovini e renda pericoloso l'accesso all'interno della Home Garden.

• Per pulire la casetta, usare un tubo con detersivo delicato (spazzole o prodotti abrasivi potrebbero danneggiarlo).

NL

Wij danken u voor uw aankoop van het GROSFILLEX tuinhuis.

Wij raden u aan om deze montage instructies grondig door te lezen alvorens het tuinhuis te monteren.
Bewaar zorgvuldig zowel de gedateerde factuur als de instructies: Ze kunnen van pas komen als u later referenties nodig heeft en de factuur dient als garantiebewijs.

• Controleer, alvorens het tuinhuis te monteren en aan de hand van de gegevens in de montagehandleiding, of er geen onderdelen ontbreken. Start de montage van het tuinhuis niet indien er stukken ontbreken of beschadigd zijn.

• De ondergrond van de gekozen locatie voor het tuinhuis moet volledig vlak zijn.

• De onderdelen van het tuinhuis moeten plat worden opgestapeld.

• Pak de colli slechts uit op het ogenblik van montage.

• De montage moet overdag en, indien mogelijk, door 2 personen gebeuren.

• De ramen kunnen op gelijk welk paneel in de zijmuren geïnstalleerd worden. Maak een keuze alvorens de montage te starten.

• Monteer het tuinhuis niet bij HEVIGE WIND of KOUDE.

• Gebruik voor het dak of de muren geen behang, bitumen platen of donkere verf.

• Om vervorming van de wanden te voorkomen, mogen er geen zware voorwerpen tegenaan worden geplaatst.

• Voor volledige waterdichtheid, kunt u het beste langs de grondlijn van het tuinhuis een siliconen voeg aanbrengen.

• Het dak moet steeds schoon zijn en vrij van sneeuw en bladeren. Grote gewichten op het dak kunnen schade aanrichten waardoor de toegang naar binnen gevaarlijk wordt.

• Gebruik bij het schoonmaken een tuinslang en zachte zeep want een harde borstel of bijtend middel zouden schade kunnen aanrichten.

• KRUIP NOOIT OP HET DAK.

• Bij de plaatselijke of regionale autoriteiten kunt u navraag doen naar de noodzaak van een vergunning voor het opstellen van een tuinhuis.
Vergeet ze niet te raadplegen.

• Geen hogedrukreiniger gebruiken

We therefore advise you to contact the relevant local authority to obtain all the necessary information before starting your work.
We also advise you to speak to your your insurance company as cover for your shed may require adding an endorsement to your household insurance.

The small sheds (up to 5 m2) can be built on and fixed to a gravel foundation or concrete corner blocks. For sheds with a surface area greater than 5 m2, we systematically recommend first constructing a concrete foundation on which your shed must be built and fixed. Finally, whatever your shed's dimension and reference number, we recommend that you reinforce the fastenings to its support by using a Grosfillex gripping kit, available with our after-sales service. Details of this can be found below under the reference number 22 954 031.

- using a naked flame or heat source inside or in the immediate proximity of your shed.
- installing the shed on a site heavily exposed to wind.

Reeds meer dan 50 jaar besteden wij bijzondere aandacht aan de kwaliteit van onze producten. De kwaliteit van de gebruikte materialen wordt voortdurend streng gecontroleerd teneinde u producten te kunnen leveren die aan uw verwachtingen voldoen.

NUTTIGE INFORMATIE
Het tuinhuis dat u zojuist heeft aangekocht werd ontworpen voor eigen gebruik. Het dient dus in geen geval om mensen te ontvangen of een handelsactiviteit in uit te oefenen. Afhankelijk van de plaats en de ingenomen oppervlakte ervan, is het mogelijk dat voor de opbouw van dit tuinhuis een kleine bouwvergunning of voorafgaande aanvraag tot bouwvergunning is vereist. Wij raden u dan ook aan om, alvorens met de werken te starten, bij de gemeente hierover de nodige informatie in te winnen.
Wij raden u eveneens aan uw verzekeraar te contacteren, er kan immers een bijvoegsel aan uw woonverzekeringspolis vereist zijn om uw tuinhuisje toe te voegen aan de garantiedekking.

GARANTIEBEPALINGEN
Zoals op alle producten uit ons gamma is ook op dit tuinhuis een Grosfillex garantie van toepassing, onder de volgende voorwaarden :
Op dit tuinhuis wordt samen met alle onderdelen een garantie van 10 jaar verleend voor materiaal- of fabricagefouten, te rekenen vanaf de aankoopdatum die zich bovenaan de factuur of op het betalingsbewijs bevindt. **In geval van klachten is, zonder uitzondering, de vermelding van het serienummer van het Garden Home tuinhuis én de referentie van het defecte onderdeel vereist. Wij behandelen uw klacht binnen de kortste termijnen.

GEBRUIKSAANWIJZINGEN
De kleine tuinhuisjes (tot 5 m2) kunnen worden opgetrokken en geplaatst op grindtegels of op hoekplaten in beton. Voor tuinhuisjes van meer dan 5 m2 raden wij aan steeds voorafgaandelijk een betonplaat (fundering) te leggen waarop het tuinhuisje dan opgetrokken en geplaatst kan worden. Het tuinhuisje moet op de ondergrond worden vastgemaakt met behulp van bevestigingsaccessoires die u worden geleverd. En tot slot raden wij u aan om, ongeacht de afmetingen en het type van uw tuinhuisje, de bevestiging op de ondergrond te verstevigen met behulp van de Grosfillex verankeringskit die verkrijgbaar is bij onze klantendienst. U vindt de respectieve gegevens hierna onder referentie 22 954 031.

WAARSCHUWING
Hierbij wijzen wij u op enkele praktijken die we formeel afraden omdat ze zowel voor uzelf als voor anderen gevaarlijk kunnen zijn, en omdat ze ervoor kunnen zorgen dat uw garantie nietig wordt.

Wij raden dan ook formeel af om:
- een naakte vlam of eender welke verwarmingsbron te gebruiken in of in de onmiddellijke omgeving van het tuinhuisje,
- het tuinhuisje te plaatsen op een locatie waar het heel sterk waait,
- het tuinhuisje te installeren met de deuren in de richting van de overheersende wind,
- het tuinhuisje te installeren zonder de nodige bevestiging of rechtstreeks op de grond, zonder fundering,
- vooral zuigelingen, jonge kinderen of oudere mensen langere tijd in het tuinhuisje te laten verblijven wanneer de temperatuur er hoog is,
- eender welke elektriciteitsaansluiting te laten uitvoeren door iemand die geen erkend professioneel elektricien is,
- in uw tuinhuisje voorwerpen op te slaan die gevoelig zijn voor vocht, condensatie of corrosie.

UITSLUITING VAN WAARBORG
Volgende gevallen zijn in geen geval door de garantie gedekt:
- wijziging of beschadiging van het product door de klant zelf,
- niet-naleving van de montage-, gebruik- of onderhoudsvoorschriften,
- gebruik van stukken of onderdelen die niet door Grosfillex werden aangeleverd,
